TASTING NOTES

Our vibrant 2002 Chardonnay is an atypical Napa Valley Chardonnay. The grapes for this wine come from our Westside vineyard block, a tiny hillside vineyard from which we coax two to four tons each year. This wine's bright appearance displays a rich straw-gold hue that belies its ultra-lean character. High in acid, it boasts delicate, fragrant layers of honeysuckle, guava, and pineapple. Hints of grapefruit and flint give its tropical undertones a sophisticated edge. This is a well-focused, persistent wine with a plush mouth-filling presence on the palate and a crisp, clean finish.
